Egg dyeing:

This YouTube video shows a lovely way to dye your eggs with nice patterns and colours for Easter

<https://www.youtube.com/watch?v=zjHeWTqPgT8>

You'll need: eggs (ideally with white shells), food colouring (the video uses yellow, red, blue and green, but any colour of your choice is good), also white wine vinegar, lightly coloured wax crayons, vegetable oil, disposable gloves and a spoon.

Eggs should be hard boiled for decorating: Place the eggs in room temperature water. Bring to a boil then turn down to a low boil for 12 minutes. Remove from stove and let cool before decorating. Refrigerate within 2 hours of cooking and use within a week.

Easter Poem

The tiny bunny
Is working all day long
Decorating Easter eggs
While humming a song
He is having so much fun
Making eggs for you and me
And small chocolate bunnies
That he gives away free
But when he is finished
He'll bring them your way
In a big coloured basket
Upon Easter day
